Shriner (ID) Red, Pink and White.....	.50
Walkover Prince (ID) Red and White.....	.50

We Grow the Best

---

# 1937 TRADE LIST

We wish to thank our many friends and customers for the nice letters and past favors. And take pleasure in presenting our 1937 Trade List.

Our root stock is all our own growing as well as plants. New varieties grown from originators' stock or Certified Dealers which insures true-to-named roots and plants.

Our system of handling roots and plants is as accurate as it is possible to handle thousands of plants, and in case of error we are always ready to make good to the extent of purchase price.

Stock inspected and approved by the State and Federal Inspection Department. We are growing and expect to be co-introducers with Mr. A.E. Heil, of Pittsburgh, Pa., on his seedlings, which he expects to release some of them for 1938.

## THE CONQUEROR (SC)

A seedling of Satan. An improvement on it's parent. A Giant Purple, size (13x6) shown at Beaver, Pa., got the Gold Ribbon as best seedling in the show.

## STOP LIGHT (FD)

A bright red, Blue Ribbon winner at the West Virginia State Show. Also Blue Ribbon at Beaver, Pa., Show. Two times at bat and two home runs. Rightly named as it will stop any real dahlia fan.

## HEIL'S BIG BOY (FD)

Here we have a six footer, autumn colored Giant. I personally measured one bloom in Mr. Heil's garden (12x9. No nitrates used. A super Giant that may make R. L. Ripley step on the gas. I expect to plant each to try them out.

L. M. P. A seedling of Lady Myra Ponsonby. Large and a free bloomer. A (ID) and Blue Ribbon winner at Beaver, Pa.

T. E. P. A giant (ID) Purple that will grow 12 inch bloom and lots of them. The above and 15 others grown from Mr. Heil's own hand polanized seed. We do not have seed for sale.

## KEY TO TYPE

(FD) Formal Dec. (ID) Informal Dec. (SC) Semi Cactus. (STC, IC and C) for Straight, incurved and Cactus.

All prices are F.O.B., Washington, Pa. Packing free. If wanted by Parcel Post, add postage, otherwise shipments will be made by express, collect.

## Discard the Rest

---

All plants grown from selected stock. Base cuttings shipped in three inch pots properly hardened off and ready for planting when received.

We cordially invite all flower lovers, dahlia lovers in particular, to visit our gardens during blooming season. And we assure you that you and your friends will be welcome at all times.

Here you will see several thousand varieties growing side by side. Where you can stroll down the long rows at your leisure and make the selection of varieties that please you a matter of ease.

Here you will see most of the best 1937 varieties growing, also 1938's promising varieties, including Rockleigh Dictator, a giant dark red from Mr. Taylor's Rockleigh Garden. May Marion Dozier, a giant 14-inch bloomer that will be heard from later, as well as Mr. Heil's new seedlings which have already Blue Ribbons to their credit.

Order early before the supply of many varieties is exhausted, and save being disappointed, as we do not substitute unless we are asked to do so, and in such case we try to please.
